foreword . . .

WE have reached the cross-roads

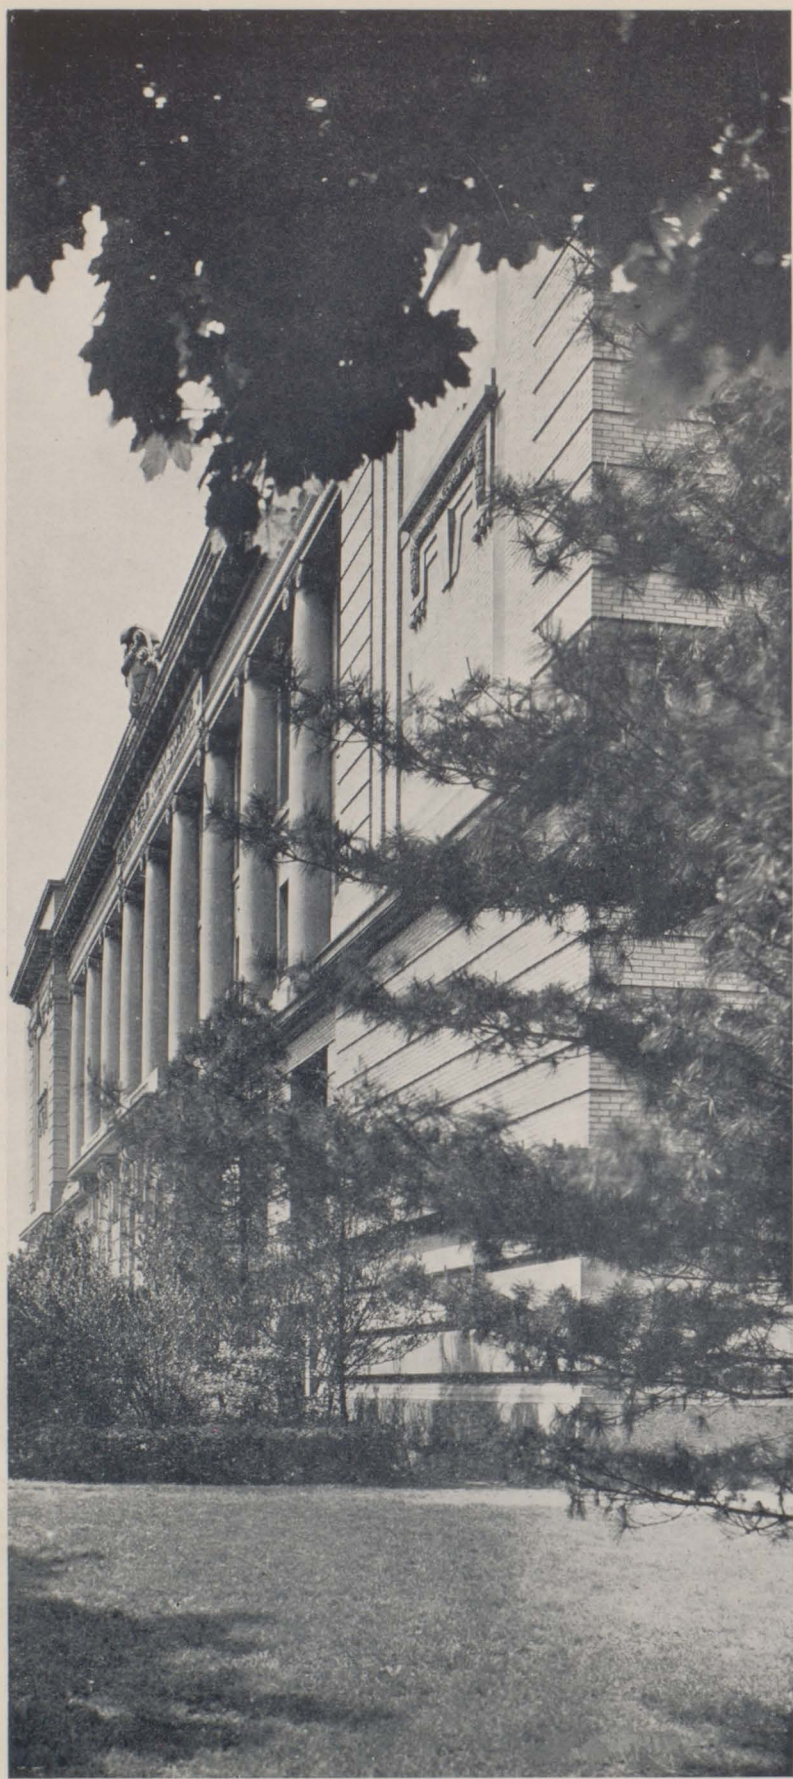

Through four years of high school we have tried to attain satisfactorily the prerequisites for a happy, productive life. Our parents and friends have been our shepherds; they have guided our fortunes up to the point at which we now stand.

Now, we must become our own guides. No longer have we a planned course which we are expected to follow. We have been prepared; we are responsible now for utilizing that preparation toward our own success.

But before delving into any weighty problems, we pause to reflect upon those unforgettable days and weeks which were spent in Bloomfield High School. We have arranged this book as an aid in recalling the scholastic and social highlights of our high school careers. We hope that these echoes of the past will serve as an inspiration to us in the future.

Now the real contest begins for each of us. Diverse paths will lead some to positions in the business world, some to college, some to industry. A number will experience the honor of service with the armed forces of America. So, with confidence in our abilities, with hope for the future, and with trust in God, we venture forth.

Dedication

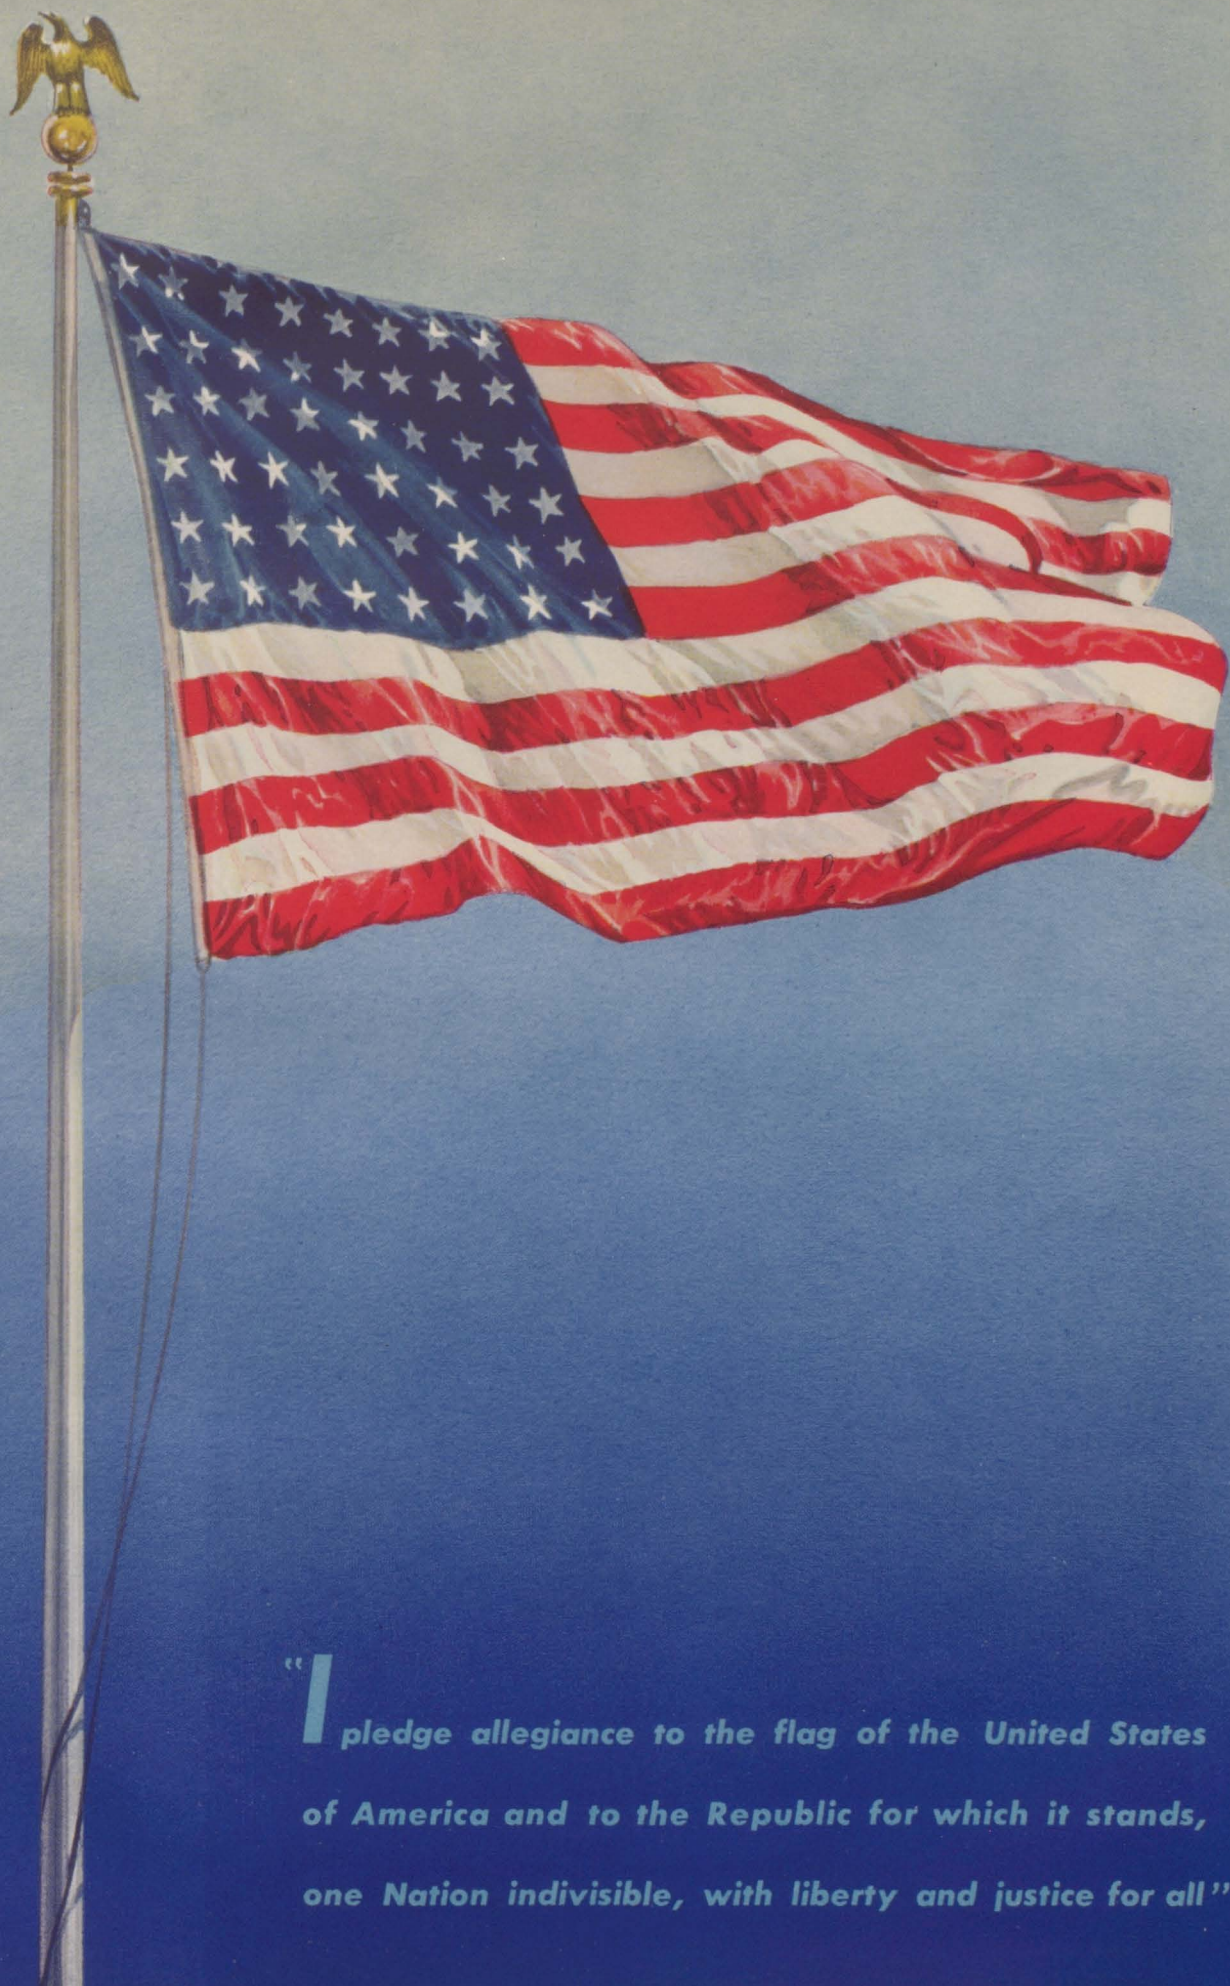

AMERICA, with its overcrowded cities and vast fields of grain, flourishing industries and picturesque landscapes, has been and still is a Utopia to the freedom-loving peoples of the world. Even through civil war, America has preserved the ideals of equality, freedom, justice, and humanity among men.

At the present time we are engaged in a global conflict defending those ideals handed down to us because of the sacrifices of others. Many of the boys in our Class of 1944 have already answered democracy's call for aid. To these boys we dedicate this book—the boys who have given up their high school pleasures for a vital, responsible job—the boys who have placed the safety of our nation before their own interests. To them we offer our sincerest and humblest thanks.

Maestoso
mf

There's a high school in New Jer-sey, Dear old Bloom-field, bless her name;—
Soon the time will come when leav-ing Brings sor-row to each heart;—

And we've loved her, yes, we've loved her, Since the day when first we came,—
And we'll say good-bye to Bloom-field— Let us prom-ise, ere we part,—

So, all hail! to Al-ma Ma-ter, And pledge e-ter-nal-ly,—
Though the years be long, when-ev-er we may meet, we'll join in praise,—

To live and die for Bloom-field High in love and loy-al-ty.
And thank our Al-ma Ma-ter for our good old high school days.

NOTE OF APPRECIATION

TO our advisers, Miss Mildred R. Zinn and Mr. Michael E. Frate, who have rendered invaluable aid and guidance in all our activities as a class, and who have devoted their time and efforts unstintingly and unselfishly in our behalf, the Class of '44 expresses its sincere, grateful thanks.

Mr. George H. Madden, now serving in the armed forces, was our adviser during our sophomore year. We will always remember and appreciate his interest in our class.

echoes

MR. JAMES K. WALKLET

The Class of June, 1944, is eager to express its appreciation to the acting principal of the high school, Mr. James K. Walklet. During the past year, our class has had occasion to discuss many problems with Mr. Walklet. His friendly courtesy and calm dignity have inspired confidence. The inherent sense of fairness with which we have come to associate all his dealings has made him popular with teachers and students alike.

WIDENING CIRCLES

On a bright September morning,
With the outcome yet unguessed,
Our bulging walls expanded
For six hundred of the best.

Each sophomore had entered
With fire in his eye,
Imbued with the traditions
Of a brand new junior high.

Mr. Madden and Miss Sonstroem
Greeted us anon,
And we soon had an election,
With Jack Walsh to spur us on.

On his cohort Betty Armstrong,
And G. Gillman we were sold,
And we all trusted Bob Gallman
To take care of surplus gold.

It was that year that Sinatra—
Crooner of no prominence—
Was heard by all the students
For a paltry sum—nine cents.

In March of that same school year,
Parents' day was held, you know,
And the teachers were exhibited
To those who wished to go.

We had a dance—remember
All those posters done in blue
That said, "Support the sophomores—
Once you were a sophomore too"?

Upon our advent as juniors,
We were glad to welcome in
Two able new advisers
Mr. Frate and Miss Zinn.

That was the year that Jack Bruce
And the Bengals made us rate
The very highest in the football
Ledgers of the state.

The Prom came in December
At the Montclair Women's Club,
As a preview of the good times
Which are now held at "The Hub".

echoes

echoes

That spring we held a meeting
To get our "Echoes" through,
It grew in violence until
The janitors withdrew.

But when Mr. Walklet came in,
We presented our appeals,
And we got back in return,
The very squarest of square deals.

We were now the lordly seniors,
And nobody seemed to care
When through accident or foresight,
We ascended a "down" stair.

Senior play came in December;
Bob Bressoud delighted all,
As the brother of our heroine
Portrayed by Audrey Call.

Between the acts, the audience
Received quite ardently,
Margaret Azzolina's song,
And Jack Dierck's rhapsody.

"The Hub" opened soon after this,
Under the management
Of a board of directors,
With Mart Hummel, president.

All hands then turned to "Echoes",
With Bill Strevig in command,
To help us write a yearbook
That could every test withstand.

All of those times now are over,
High school days are in the past.
But we've all of us some memories
That cannot help but last.

Armed with these and with good wishes
Ringing through the corridors,
"With malice toward none", each of us,
Goes through these stately doors.

—Doris Frey

"AND CAME THE SPRING"

Since time immemorial, it has been the custom of the graduating class to make a concerted dramatic effort in order to bolster a deflated treasury. The present seniors made no exception to this rule, for early in October the machinery of producing a play was set into motion. We were very fortunate in having Mrs. Williams, instructor of public speaking, at the controls. The first step was, naturally, the selection of the play. After a week of serious deliberation, the play committee emerged from their discussions with "And Came the Spring".

Since the production dates were set as December 2, 3 and 4, 1943, rehearsals got under way immediately. At first they were held only in the mornings. The janitors who arrived early were astonished to hear the varied sounds issuing from room 99 where a bewildered cast was struggling in the throes of drama. Soon, however, rehearsals were held in the auditorium. There the boards creaked under the exertions of the young actors.

All hands will ever remember the freezing night that Martin Hummel et personae were marooned on the corner of Belleville and Broad around 6:30 with a huge bundle containing meat, as well as assorted groceries, belonging to Mrs. Williams. Martin was so hungry that he wanted to build a fire in front of Park School, but having no matches he was persuaded to lug the bag home.

After seeing "Janie" in New York and rehearsing a great deal, the cast felt ready for action. To each of the grammar schools they travelled to give previews of the coming attraction. Here the fatigued players were met with cheers which helped bolster their morale.

The matinee was held on a Thursday afternoon with Audrey Call as Midge turning in a brilliant performance. When at the end of the second act Jack Bruce displayed his muscle to the admiring kiddies, they were convinced that the show was over and so were content to leave.

When inventory was taken on Friday evening, Jack Walsh was swallowing pills for his grippe, Bob Bressoud was making bets on how long he would last, George Wilson, Doris Frey, Connie Lundelius, Warren Vosseler, and Martin Hummel were being violently ill at intervals, Fred Reed was sick in bed, and Joanne Skiles was desperately sucking lemons for laryngitis. The rest of the cast felt fine. Elsie Courtney made herself useful by ministering to the needy and passing out what remedies were at hand.

During the intermissions when the rest of the cast were fortifying themselves for the coming ordeal, Margaret Azzolina and Jack Diercks rendered solos to an audience of proud mammas and papas.

However, in spite of the indisposed actors, in spite of the gremlins who pulled the cloth from the table spilling two glasses of orange juice two minutes before curtain time, in spite of the fact that George Thomas had to sub for Fred Reed at the last minute, in spite of the stairs which shook and creaked under the weight of the actors, the performance was a success.

When the curtain finally fell on Saturday night, the cast rushed to chairs, some dropping on the richly carpeted floor for want of energy. So tired were they, that they wished to spend the night there. After many urgings and proddings, they were made to understand that it was over and they could go home. The following Monday, those who could returned to school—bloody but unbowed.

Corn Crib

By HUMMEL

OK gang, here's the story—

We members of the finest class to leave the portals of B.H.S. certainly have a lot to be proud of. (Note—any similarity of this statement to the truth is purely coincidental.)

Here are a few accomplishments: Ours was the first class to enter the field of organized labor—that strike wasn't for a closed shop—no sir, it was for an open book.

Has any class ever had a play like "And Came the Flu"?—complete with George Wilson's balcony rooting section.

And what about the swanky spots our group frequents (Ed. note—hangs out in) namely, Wessels (the home of Hummel, Gallman, Vosseler, and the Hi-Y), good old Fitzes (where those in need grab a weed), Whelans, the Bill Burrows, Barney Erickson, Jeanne Paxton rendezvous, Borden's, where the elite eat, Charley's and also Harry Grossman's Deluxe Soda Shoppe, where the Russell's Muscles relax to enjoy one of scooper Vanacore's specials.

Remember when you used to read Bill Reid's *Dust Bowl*, Brief Bits by Bleek and Pie's *Patter*? You never thought the paper would sink this low, did you?

While we're reminiscing, don't forget Neil Dowd—a swell guy who needs no mention to the female element.

Vic Proetsch's Sub-Hub is having open house. Geyer, Dinwoodie, Chandler, and he invite any beautiful, wealthy blondes to enjoy some real B.H.S. hospitality. Speaking of the Hub—will Henley ever get those books balanced?

Wonder if Gladys Gillman will ever finish those letters to servicemen?—she has thirty-two a week!!

Jeannie Hibbins is waging an anti-senior wolf drive—seems she only dates juniors and sophs—with one senior exception!

Jack Bruce not only copped every athletic award, but it looks as if he rates the "longest steady romance" title which is awarded by the "Student Confessions Real Life Romance Murder Mystery Magazine."

Speaking of athletes—we predict a bright future for this column's leading character—Jackie "goldie locks" Barry—we hear he's been offered a sports scholarship to Vassar—(as anchor-man on the daisy chain).

This column is taking up a collection to buy Cal Morton and Bill Strevig a revised copy of Joe Miller—all who have been on the receiving end of their humor are urged to contribute.

We hear Freddie (dollar) Benjamin and George (Easter Orange) Wilhelm are planning to pool their taxi services.

Despite a dismal football defeat, the Bengals got in the last lick at Montclair (the center of Frances Hanschka's interest) via Generalissimo Bressoud's successful War Bond Campaign (Ed. note—Stop here and pat self on back; having done so, continue to read).

Did the Terriers (Walsh, Brady, Hardman, Davidson, Nagy, Ivner, Smokey, et al.) ever actually win a game??—

Will I ever learn to tell Jean Olson from June ditto?

Will Rosalie ever learn how to get to Cedar (way out west) Grove?

. . . (tune in next week)

Biggest exclusive to appear herein—Jimmy Hagan's confession that he sets his hair.

I'm only going to mention one junior—name? You guessed it—Pete Bloodsworth. No column would be complete without it—so here it is—Pete (weight-lifter) Bloodsworth.

Congratulations to Ruthie Nelson for breaking down the class's longest woman-hater.

Well, that's about all. (NO, NO, not the O-D 30!)

So don't forget to read this column next year in the "New York Daily News" cultural section.

echoes

The social life of B.H.S. students has centered around The Hub since its opening night Friday, January 28, 1944. This occasion saw the fruition of months of arduous work on the part of many of the students under the supervision of Miss Mildred Bopp and Mr. C. A. Emmons of the Recreation Commission.

The government of The Hub is as follows:

President, Martin Hummel
Vice-President, Jack Walsh
Secretary, Eleanor Dunn
Treasurer, Ernest Henley

In addition to these, there is a board of 21 directors selected from the sophomore, junior and senior classes. Seniors who are on the board are Bob Gallman, Vic Proetsch, Bob White, Warren Vos-seler, and Jean McGuire. The

board of directors were responsible for organizing the members into committees.

The former firehouse in which The Hub is located required many renovations; removal of the dents in the floor caused by horses' shoes; the mustiness of disuse; and inches

of dust evident on every piece of furniture. The success of the project rested largely in the hands of a group of students who did splendid work. These include Oscar Steen, Vic Proetsch, Ernest Canals, Denes Nagy, George Wilhelm, Robert White and Frank Nanarone.

Many remarkable changes have appeared in the old firehouse. After the initial sweepings and scrubbing, the walls and stairs were painted, the windows scraped and

cleaned, the floor polished and the whole place given new life. A willing crew transported furniture generously donated by the townspeople. A used soda fountain completely equipped with counter, booths and revolving stools was installed in its new home.

The gala opening was attended by a motley crowd of students, town officials and citizens. Since then, every Friday and Saturday night The Hub is filled with a lively group of several hundred swirling to the music of the juke box.

Now The Hub is well established. Through the cooperation of local papers and a radio broadcast, it has gained wide recognition and often plays host to people from other towns who anticipate organizing similar centers.

THE HUB

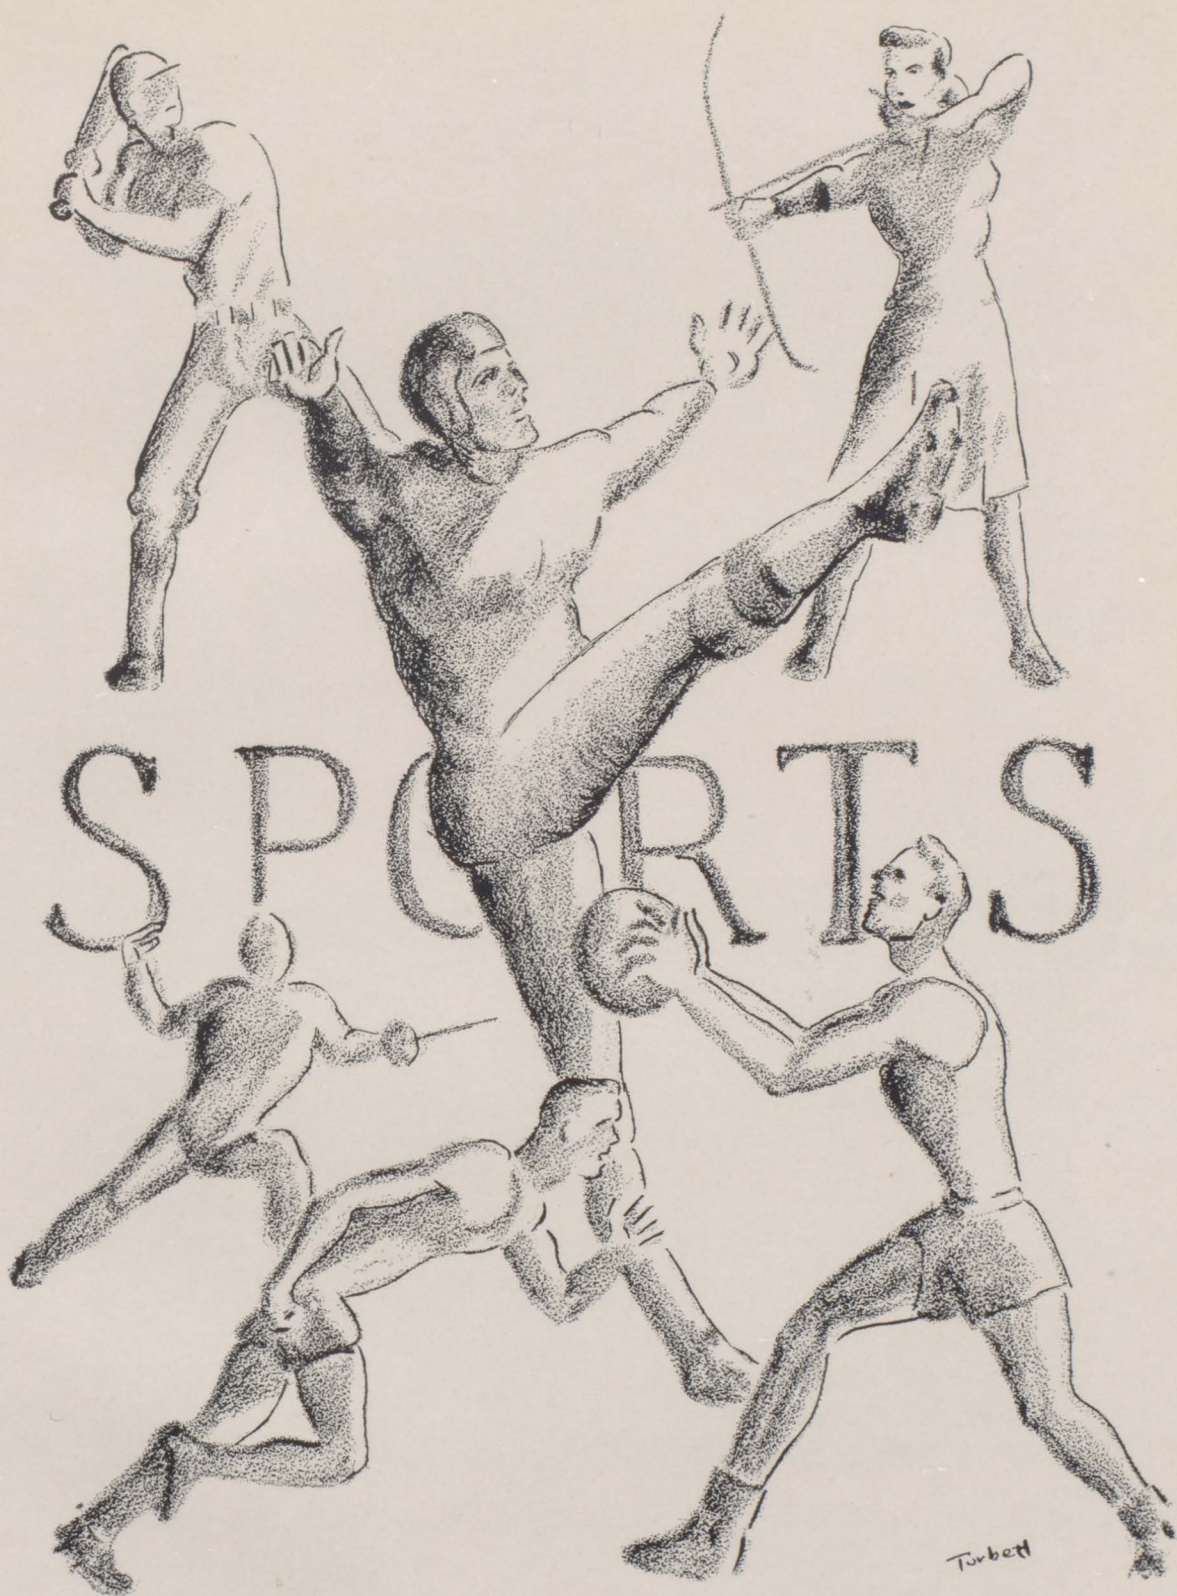

KORNY KAPERS

We sophomores were "In the Mood" when we came to B. H. S. Everyone was truckin', doin' the Big Apple, and bouncing with the Shag. That's the time we walked along merrily in our dirty saddle shoes, wearing beer jackets, whistling "Three Little Fishes", and with a slam book tucked under our arms. Flip Frank first got hep to slap-happy Sue and would untiringly annoy her with the latest Knock, Knock, Who's There gag! You remember; like, "Knock, Knock, Who's There?" "Marcella." "Marcella who?" "My cellar's full of water." Oh, yes, we were pretty sharp "diggin' it", but then towards the end of the year we got dreamy-eyed and moaned for no apparent reason "I'll Never Smile Again" until "Oh Daddy" brightened up things and we got hep to "Mr. Five-By-Five" and boarded the "Chattanooga Choo-Choo" for a real peppy summer. Madam Lazonga was giving 6 lessons in the conga and by this time Frank the Flirt was whispering, "I Don't Want to Walk Without You" to Sweet Sue who smoothly replied, "I Don't Want to Set the World on Fire".

In our junior year we had an activity period in the morning. This was also the time when flashy Frank sprouted in a zoot suit and stylish Sue hung in a baggy sweater and short skirt and Frank's jacket, many sizes too big. For more moderate dressers, it was quite the thing to wear jeep hats and overalls to football games and sport bright argyle socks and sweaters in the classroom. Meanwhile, everyone was cramming hard for those 2 hour exams. Towards summer, "Arthur Murray taught dancing in a hurry" and "Johnny Doughboy Found a Rose in Ireland". Stylish Sue swirled in her broomstick skirt and peasant blouse and squeaked in her harauches. Perky Pat sported bright Tyrolean suspenders and a feather cut. The fellows dreamed of summer as they sat on the gym steps in their loud bow ties and suspenders, pants rolled up to the knees and bright plaid shirts. "That Old Black Magic" soon conquered again and another gay summer was launched.

And then that fateful senior year! Sororities swooning over Sinatra—"Oh, he sends me! What a hunk o' man"; Betty Grable pin-up pictures plastered all over fellows' lockers; Hi-Y and Girl Reserve fanatics trying to out do each other in the sale of "B" pins and shoelaces; bruises and bumps for Russell's Muscle Girls as they got in trim for the big exhibition; Bonavita's Breathless Beauties panting and puffing all over the obstacle course; waiting in line for that cheese fondue in Victory Lunch; listening to corny moron jokes such as, "Did you hear about the moron that put a blotter up to his ear so he could hear the 'Ink Spots'?"—and, of course, dancing to "Shoo Shoo Baby", "Paper Doll," and "Stormy Weather" at The Hub where you would hear such famous quips as, "Plant ya now, dig ya later. Take it Easy! Solid!"—and all superior seniors gurgling "Mairzy doats and dozy doats and little lamsey divey"; until the year came and went so fast that before we knew it all of us were stepping in rhythm to "Give my regards to Bloomfield" and "Pomp and Circumstance".

FOOTBALL

In 1942 the Bengals returned to a familiar role when they sailed through the grid season undefeated and annexed the mythical state championship. Ted Kozakiewicz, Hank Chandler, and quarterback Jack Bruce played on the championship combination.

In 1943 the team which Coach Foley fielded for the first game was built around these three veterans. Because it was made up largely of enthusiastic but inexperienced material, the team didn't fare so well. When the team overran a tough East Side squad by 31 to 12, the campaign seemed well started. This victory, however, was costly because of the injuries involved. A chain of injuries and plain bad luck began to rob the team of its effectiveness. This jinx persisted right up until the end of the season. Defeats by Belleville, East Side Paterson, Garfield, Nutley and Montclair, and victories over East Side Newark, New Dorp, Dickinson and Irvington comprised a record of five losses and four wins.

The outstanding personal performance of the season was turned in by Jack Bruce. Bruce, as captain and quarterback, was mainly responsible for holding the team together. In addition to Jack, the Class of '44 had Al Martin, Al Lang, Ted Kozakiewicz, Les Venner and Hank Chandler on the varsity eleven.

BASKETBALL

After displaying a great deal of promise early in the season, the Bengal cagers hit the skids and finished the season with a mediocre record. The Foleymen started fast with wins over strong West Orange and East Side teams, but slid into a dismal five game losing streak. With a grip on itself, the team began to improve steadily, though its best efforts were a heart-breaking one-point loss to the highly rated Weequahic Indians, and a rousing upset victory over a touted Newark Central outfit.

The hard luck of the football campaign was repeated; mid season saw the Bengals missing the valuable services of Captain Steve Hickey and rangy Hank Chandler. Other senior members of the varsity were Jack Bruce and Les Venner.

The team this year was predominantly a junior squad. Frank Tripucka, the team's top scorer, Bob O'Gara, Pete Bloodsworth, and Nick Setteducato will all return next year. Coach Foley and Assistant Coach Jerry Bonavita will have the material next year to turn out a fast, experienced, and, we hope, a winning team.

TRACK TEAM

The backbone of the 1944 Bengal Track Team has been almost entirely seniors. Out of the nine fourth year men on the squad, at least seven are assured of major letters.

Led by Captain Al Lang (100 yard dash broad and high jumps) Coach Melinkovitch's charges have compiled an impressive record.

By far the best performance of the year was Bob McCool's record breaking 2 minute 5.7 second half mile in the Columbia meet. Don McCabe (pole vault) and Bob Turbett (high and

broad jumps) have had little trouble with their opposition thus far. After losing last year's captain, Walter Leonard, via graduation, it was thought that the field events (discus, shot put, javelin) would sag miserably, but seniors Harlowe Engelke and Willard Binzen have come through and proved consistent winners. In the dashes and hurdles, the Class of '44 has worthy representatives in Charley Sigler, Sal Onove and Tom Furroy.

A number of promising underclassmen, including high scoring junior Art Sinnenberg, give hope of another good season next year.

BASEBALL

Along with every other major squad, the Bengal baseball team was left high and dry by the '43 graduation. With most of last year's lettermen gone, Coach Foley had to rely on inexperienced players to step into the breach. Fortunately for Bloomfield, the underclassmen came through. In fact, this year's nine consists predominantly of juniors and sophomores. Jim Stewart, a rangy junior with a sizzling fast ball, was bellwether of the mound staff. Doc Uhlein, a promising soph, acted as the number two moundsman. Frank Tripucka did an efficient job at first base and the Altavilla brothers, Tom and Tony, filled in at the second base and shortstop positions. Nick Setteducato held down the third base slot while Milton Ayres, Leo Gorny, and Sam Quinn operated in the outfield. Upholding the honor of the senior class were: Al Martin, for two years a fine catcher; versatile Jack Bruce at shortstop; Harry Robinson in the keystone berth, and Erwin Bielitz and speedy Bill Lalor patrolling the outfield. The Bengal record, although satisfactory, was hurt by inconsistent batting and spotty fielding. However, with the wealth of returning talent, the Bengals should enjoy a successful season next year.

EARLY BIRD ACTIVITIES

In the Early Bird Leagues, Bloomfield High School has been given a unique recreational program. These early morning activities, the brain child of Mr. Anthony Pascal, are a valuable addition to the regular school schedule. They provide facilities for athletic and social activities which might otherwise be denied many students. The major feature of the program has been the formation of teams to par-

ticipate in early morning basketball, touch football and softball leagues. This has filled the need for an organized intramural program.

A summation of a year's early morning activities reveals that there were 912 participants in the program, and a spectator attendance of approximately 44,000. An amazing fact is that, although the program was originally designed to take care of the early arriving students, only one third of the present participants fall into this class.

FENCING TEAM

The 1943 season saw the Bengal squad produce a record superior to that of any previous Bloomfield fencing team. The foilsmen, led by Fred Seufert, Cy Nucci, and Dick Heeren, sailed through the regular season undefeated. They annexed the state crown, and then travelled to N. Y. U. to win the Metropolitan Meet.

This year the team, riddled by graduation, did not fare so well. Victories over Blair, South Side, and Lincoln, and defeats by Barringer, Central, Snyder and East Orange gave the team a mediocre record of 4 wins and 6 losses.

The top three men were Al Trachtenberg and Louis Salanitro, who acted as co-captains, and Larry Gentile. Mr. George Madden, now in the armed forces, acted as faculty adviser and coach.

SWIMMING TEAM

By winning seven of ten meets, Bloomfield's tankmen produced the best record of any of the school's male teams. If it is considered that the squad consisted largely of underclassmen and was under the tutelage of a new coach, the performance proves even more remarkable. Two of the tanksters' losses fell to the powerful Columbia team. During the season the swimmers registered double victories over Fairlawn, Seton Hall, South Side Newark, and a single contest won from Newark Academy. A heartbreaking loss was a close 34-31 decision dropped to Blair Academy.

The free style relay team of Eagan, Post, Carter, and Goedecke went through the season undefeated. Martin Eagan and Donald Post, a very promising sophomore, were high men in scoring. Bernie Bednarick, diving expert, Ed Goedecke and Dick Carter, both free style artists, represented the seniors among Coach Melinkovitch's charges.

GOLF

Through the years the Bloomfield Golf Team has maintained a high standard of play, placing B. H. S. high in the field of interscholastic golf competition. Last year saw a brilliant Bengal squad go through the season undefeated and gain an undisputed state championship. This year's team ably carried on Bloomfield's link traditions. The varsity foursome included Paul Kiewra, Captain; Frank Nanarone, Frank Kaminsky, and Charles MacEachern. Richard Kiewra, John MacEachern, Robert Wedaa, and Ernie Canals rounded out the squad.

TENNIS TEAM

Staffed chiefly by seniors, the tennis team under the supervision of Mr. Cabot Kendall has been rather unsuccessful in its record. Last year the team, comprised of Paul Gilbert (Captain), Ernest Henley, Bill Strevig, Bob Gallman and George Caffery, lost every match. This was in part due to the fact that the schedule included virtually every tough team in the state, East Orange, Columbia, Montclair, and Seton Hall Prep.

This year's prospects are much brighter. All the members have returned and Gilbert and Henley seem destined to fare rather well in the singles and doubles despite the fact that the boys will face an even more impressive list of opponents.

SENIOR GYM TEAM

To be a member of the Senior Gym team is a desire of every girl in Bloomfield High School. To qualify as a member, two attributes are necessary; namely, physical ability to perform skillfully gymnasium work of all types and desirable traits of character.

Before attaining this ultimate goal, a girl must first become a member of the Junior Gym Team. This offers her an opportunity to learn elementary gymnastics and so leads the way to the more difficult feats of the Senior Gym Team. The varied program includes work on the parallel bars, rings and ropes. Nine girls from our class reached the Senior Gym Team at the beginning of our junior year and one of these, Ruth Franck, was later made captain.

Although it is an after-school activity, the weekly practices held each Thursday afternoon are so much fun that one is apt to think of the pleasure rather than of the physical benefit derived from them.

Each year at the end of the season, the girls hold an exhibition. As the demonstration this year was doubly important since it marked the thirtieth anniversary of the gym teams, a special program was prepared for families and for former gym team members. Pyramids on the parallel bars, stunts performed by ten members comprising a tumbling team, and skilled apparatus work were the special attractions. The highlights of the gym team exhibition was the military drill with thirty-two girls dressed alike in red and white checked costumes forming difficult marching formations.

MISS EDITH C. RUSSELL

ARCHERY TEAM

Among the girls of Bloomfield High School, archery is perhaps the best-liked sport. As football is to the boys, archery is to the girls, both contributing greatly to the school's athletic reputation.

At the beginning of our sophomore year, Miss Edith Russell taught the techniques and fundamentals of shooting to a number of girls interested in archery. Those who developed a proper shooting form and showed promise were chosen for the team. From time to time a few more were added until now twelve senior girls are members of the team. These are Joy Brown, Captain; Jean McGuire, Manager; Joan Antoinette, Betty Armstrong, Anne Bragle, Ruth Franck, Phyllis Hall, Marjorie Meier, Joan Moore, June Olson, Virginia Saporita and Jean Swenson.

Under the guidance of Miss Russell, the archery teams of the past few years have literally shot their way to fame and success. The team holds many titles, both within and without the state. In fact, during the high school years of our class, the team has been considered foremost in the country, having held the National High School Championship each year. In the same period no tournament has been lost to any other team.

The success of the team is attributed to the excellent guidance of Miss Russell, who is noted as one of the finest coaches in the country, and to the perseverance and hard work of the girls.

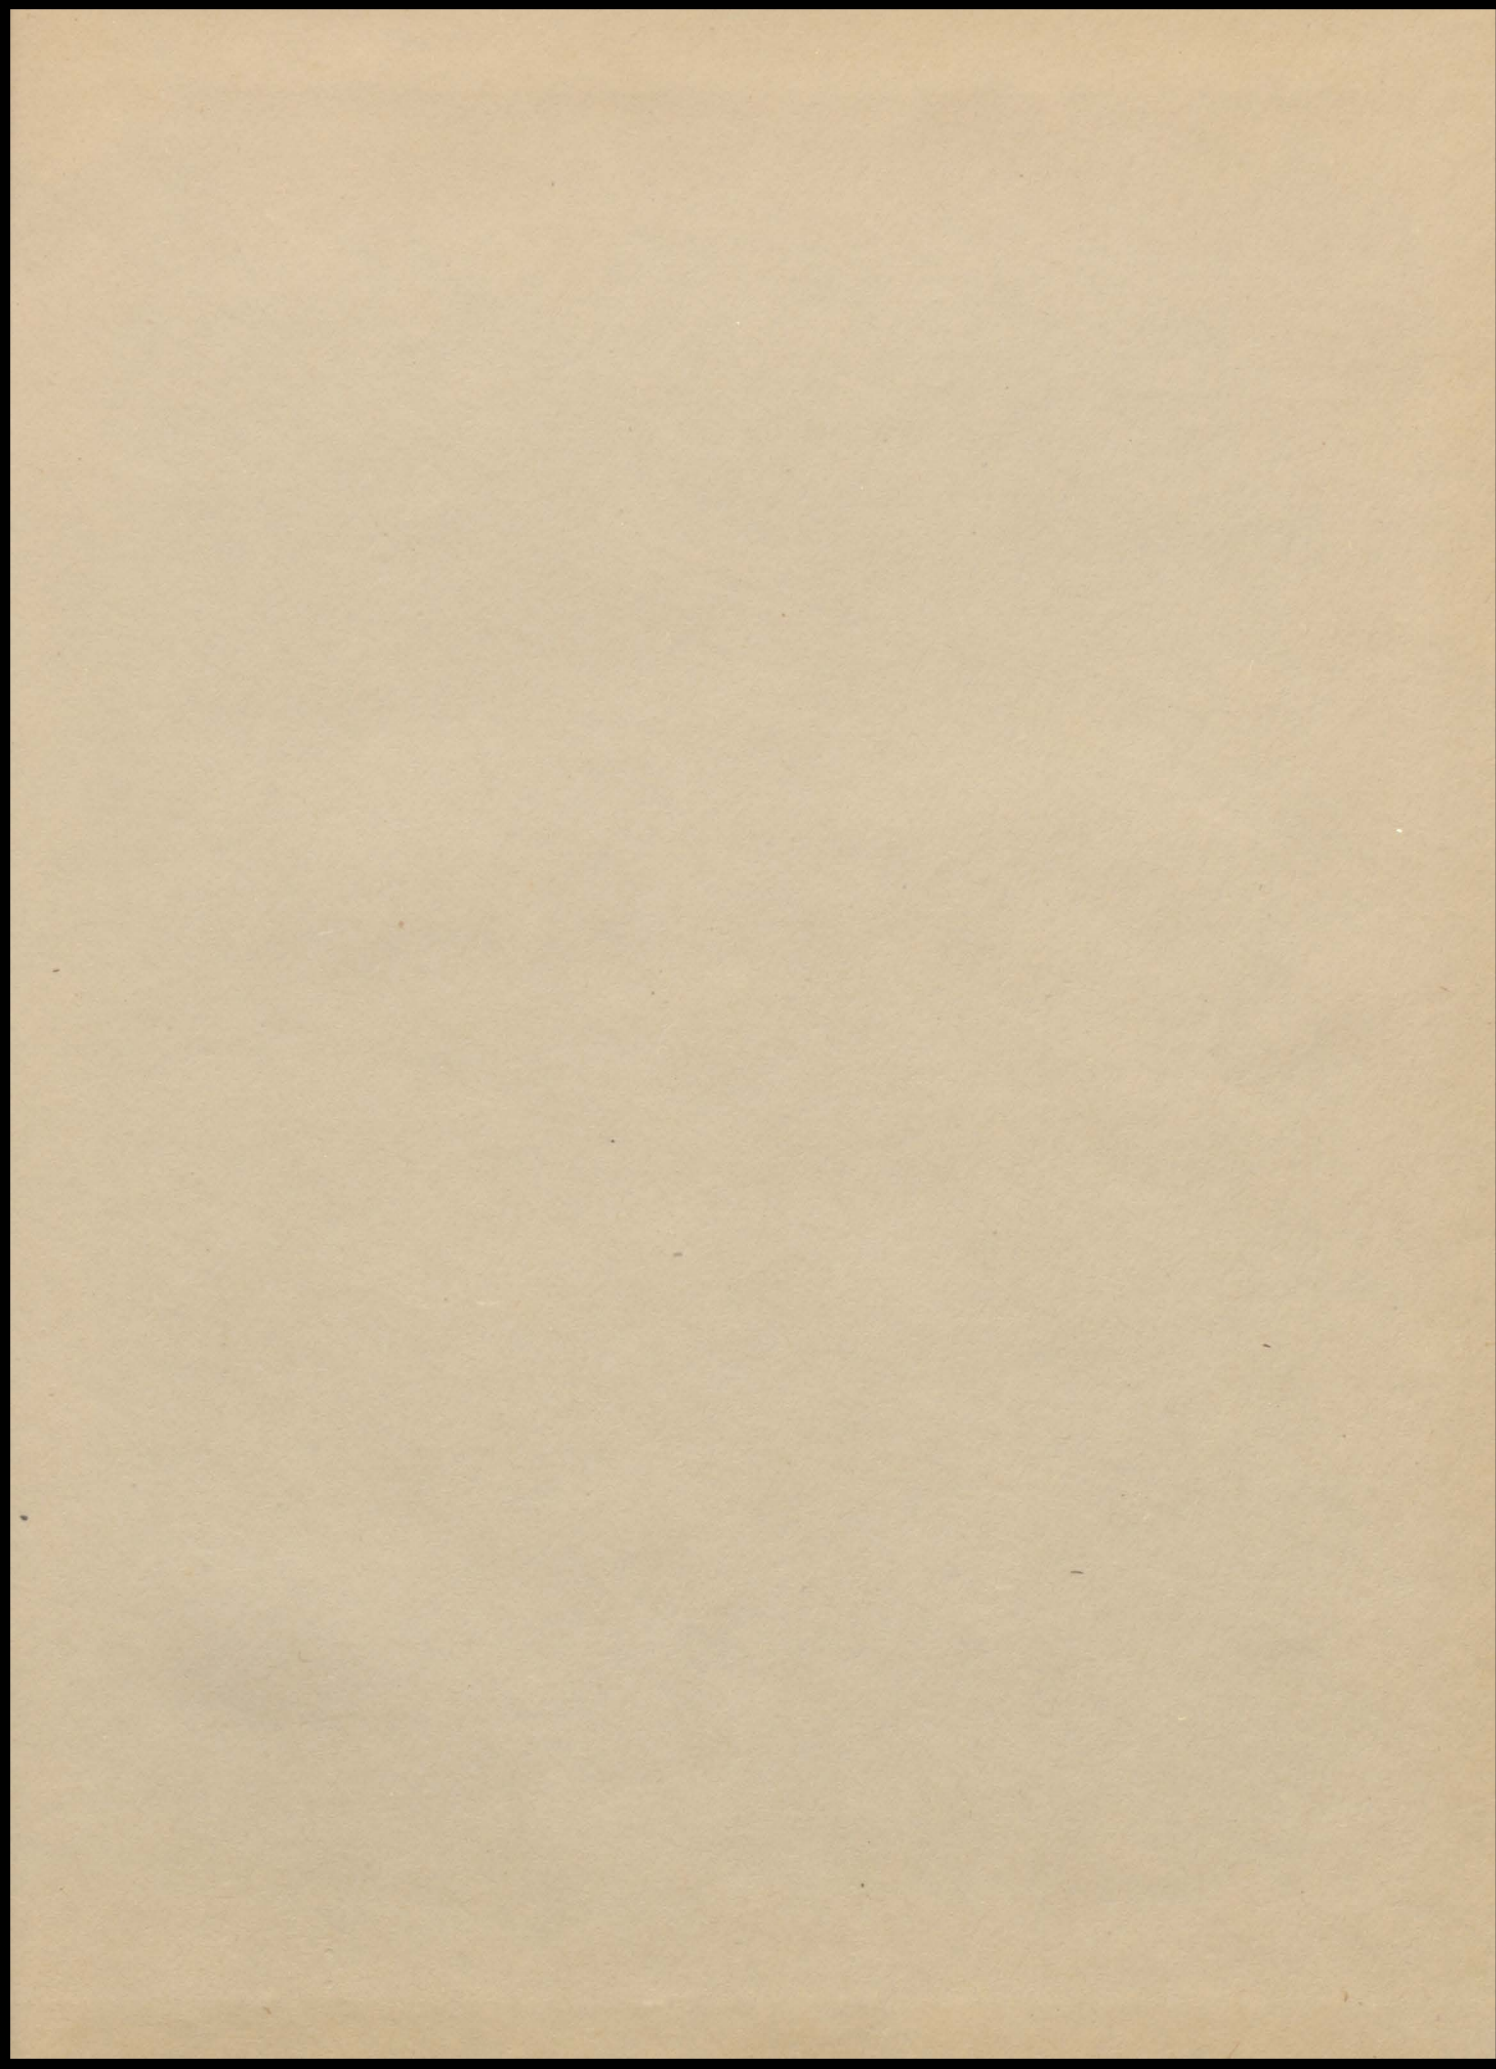

As our class lays down its bows, we feel confident that others will be ready to fill the vacancies and continue the archery success of Bloomfield High School.
